Invitation to the second European Nanotechnology Partnering Day "Co-operation: Nano 07" which will take place in Wiener Neustadt / Austria January 17th and 18th, 2007.

Nanotechnology already has become a challenging opportunity for a wide range of businesses. The nanotechnology cooperation event has been organised in order to meet the demand for know-how regarding nanotechnology and nanosciences. All NANO related companies, universities, R&D institutions, inventors are invited to participate. This event will provide an opportunity to increase technological know-how, to find co-operation partners, to learn about NANO activities in Europe as well as to

Who should participate:

- CEO, Heads of R&D, leading employees
- Employees from innovation, production, materials, surface departments etc.
- Academic staff from universities and universities of applied sciences etc.
- Scientific staff from non university R&D facilities

Programme:

Wednesday, January 17th, 2007

from 08:30 Check in / Registration

09:00 - 13:30 Lectures

14:30 - 17:45 Partnering meetings

Thursday, January 18th, 2007

from 08:30 Check in / Registration

09:00 - 13:30 Lectures

14:30 - 17:45 Partnering meetings

www.matchmaking.at/nano07

Wednesday, January 17th, 2007

- 08:30 - 09:00** Check in / Registration
- 09:00 - 09:15** **Welcome and opening of the event**
(Mag. Helmut Miernicki, ecoplus. The Business Agency of Lower Austria)
- 09:15 - 10:00** **Science & Industry: Cooperation aspects from industrial view**
(Dr. Knut Consemüller, Böhler Udeholm AG, Austrian Council for Research and Technology Development, requested)
- 10:00 - 10:30** **The Austrian NANO Initiative**
(Dr. Margit Haas, Austrian Research Promotion Agency FFG)
- 10:30 - 11:00** **Nanotechnologies for organic electronics and optoelectronics**
(Prof. Günther Leising, Graz University of Technology, Joanneum Research)
- 11:00 - 11:15** Coffee break
- 11:15 - 12:00** **Organic and hybrid solar cells**
(Prof. Niyazi Serdar Sariciftci, University of Linz)
- 12:00 - 12:45** **Smart materials: New developments and industrial applications**
(Prof. Thomas Schalkhammer, Vienna University of Technology, ATTOPHOTONICS)
- 12:45 - 13:30** **Nanomagnetics: High level research performed in Austria**
(Prof. Heinz Krenn, University of Graz)
- 13:30 - 14:30** Lunch break
- 14:30 - 16:00** **Bilateral cooperation talks, part I (3 x 30 min.)**
- 16:15 - 17:45** **Bilateral cooperation talks, part II (3 x 30 min.)**
- 18:00 - open end** Come-together

Thursday, January 18th, 2007

- 08:30 - 09:00** Check in / Registration
- 09:00 - 09:45** **Firing Up Nanotech Engine — the Israeli National Nanotechnology Initiative experience** (Prof. Dan Vilenski, National Israel Nanotechnology Initiative)
- 09:45 - 10:30** **7th Framework programme, the NANO part - first calls:**
(Dr. Angela Hullmann, European Commission)
- 10:30 - 11:00** **How to be successful in FP 7**
(DI Gerald Kern — Austrian Research Promotion Agency FFG)
MNT ERA.NET - Opportunities for transnational RTD projects
(Dr. Roland Brandenburg — Austrian Research Promotion Agency FFG)
- 11:00 - 11:15** Coffee break
- 11:15 - 12:00** **News from Poland: Actual national nanotechnology activities**
(Prof. Piotr Dumania, University of Warsaw)
- 12:00 - 12:45** **CSEM participation in the EU nanotechnology-related activities - Getting the ball rolling** (Dr. Erika Györvary, CSEM Switzerland)
- 12:45 - 13:30** **Commerce and nanotechnology: Economic dimension of nanotechnology presented by an Austrian high-tech company**
(Dr. Harald Okom-Schmidt, SEZ AG Austria)
- 13:30 - 14:30** Lunch break
- 14:30 - 16:00** **Bilateral cooperation talks, part III (3 x 30 min.)**
- 16:15 - 17:45** **Bilateral cooperation talks, part IV (3 x 30 min.)**

Partnering day - Co-operation event

These international partnering days provide a platform for industrial and R&D institutions to find partners / customers and to be found as a partner / customer, respectively. Especially for the coming new 7th framework programme. Specific know-how, products, technologies, specific demands, cooperation needs etc. can be announced in technology profiles. Prior to the event all profiles can be checked and appointments with specific participants can be announced. Every participant receives his meeting schedule few days before the event.

Who should participate

CEO's, heads of R&D, leading employees, employees from innovation, production, materials, surfaces departments, academic staff from university, university of applied sciences, Scientific staff from non university R&D facilities.

Technology profiles

Every participant has the possibility to enter technology profiles (max. 3), in order to promote specific know-how, products or to inform about demand on partnerships, partners for production as well as research and development.

Online catalogue

All the technology profiles will be published on the website. On the basis of this catalogue you will be able to identify potential partners and request individual appointments. Take this chance to select your partners of interest!

Registration

www.matchmaking.at/nano07

Online registration is preferred. Simply fill in the registration form informing about your company / institute, your competence or interest profile and your cooperation request. The registration form will also be provided in paper form for fax, mail or e-mail return.

Booking of appointments

You will be informed when all technology profiles have been posted and invited to make your selections (up to 12 if you attend both days).

Meeting schedule

You will receive your individual meeting schedule some days in advance.

Location (for site plan see www.matchmaking.at/nano07)

Viktor Kaplan Straße 2
2700 Wiener Neustadt
Austria, (40 km south of Vienna)

Deadlines

Registration deadline: December 30th, 2006
Booking of individual appointments: January 5th, 2007

Participation Fee

Regular: both days: 250 Euro (one day: 150 Euro)
University: both days: 125 Euro (one day: 100 Euro)
20% discount for members of various organisations and participants from CEE countries, check our homepage!
