## European Funding Measure for translational research projects in Nanomedicine

### 3<sup>rd</sup> Call for Proposals open

Following the success of the first two Calls in 2009 and 2010, EuroNanoMed is launching its 3<sup>rd</sup> Joint Transnational Call for funding of innovative research projects in Nanomedicine. Proposals can address the three subfields:

- Regenerative medicine
- Diagnostics
- Targeted delivery systems

The call will enable scientists from European and associated countries to establish collaborative research consortia spanning multiple disciplines.

#### Participating Member states and Regions:

Basque region (Spain), France, Germany, Iceland, Israel, Latvia, Lithuania, Poland, Romania, Spain, Switzerland, Turkey, Veneto Region (Italy), Walloon Region (Belgium).

Research proposals have to involve a minimum of 3 and a maximum of 7 partners from at least 3 different countries, while keeping a majority of partners from EuroNanoMed member states/regions participating in the call.

Furthermore, a proposal must include partners from at least two of the three categories: academia, clinical/public health and industry.

***Deadline for submission: April 15<sup>th</sup> 2011, 17:00:00 (Brussels local time)***

***More information is available on the EuroNanoMed Website:***
