

Partners of First SIINN Call

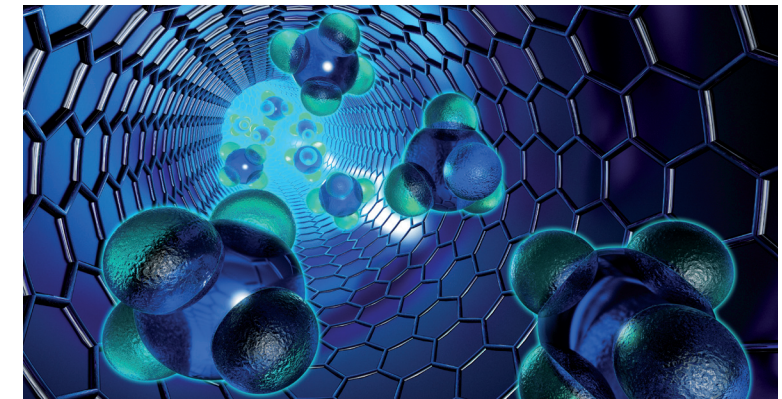

In each funded project two partners from countries/regions not participating in the SIINN call or in the SIINN project can participate if they guarantee their funding by different means/on their own. For further information please contact the SIINN Call Office.

This pre-announcement does not include partners that are undergoing internal approval processes at the time of print. Please ensure you check final call documents as additional funding partners may be added by the launch of the call.

* To be confirmed

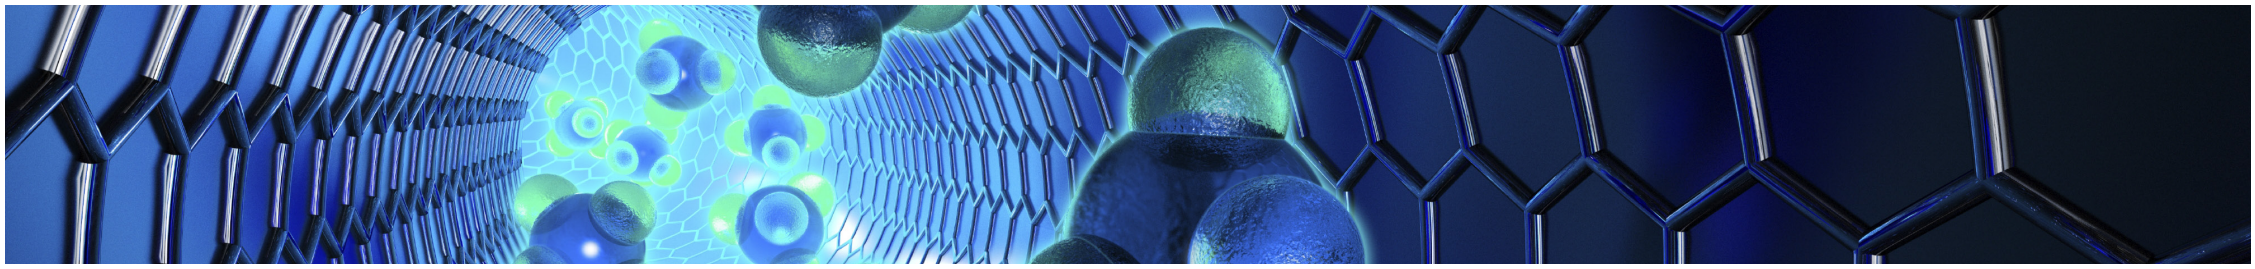

Pre-announcement* First Call for Proposals

SIINN
Safe Implementation of Innovative
Nanoscience and Nanotechnology

FP7-ERA-NET on Nanotechnologies,
including Nanotoxicology

* Please note that information, participating partners and timelines of the Call might change until the official launch of the Call. Visit the SIINN website <http://www.siinn.eu> for up-to-date information.

Safe Implementation of Innovative Nanoscience and Nanotechnology

The SIINN ERA-NET promotes the safe and rapid transfer of European research results in nanoscience and nanotechnology (N&N) into industrial applications. National and regional resources will create a transnational programme of research. SIINN will bring together today's fragmented research activities on the potential risks of engineered nanomaterials for environment, human health, and safety.

SIINN 1st Call

Topics*

Funding will be offered to innovative projects focusing on commercially relevant Manufactured NanoMaterials (MNMs) in one of the following thematic fields:

1. Establishment and development of models and methods for analytical tools, theoretical prediction, and characterization
2. Exposure assessment
3. Studies on Impacts of MNMs on environment
4. Studies on properties and effects of MNMs

Detailed description of the topical fields is given in the Call text.

* Please note that not all the Funding Organizations participating in the call will fund each of the four call topics. For details please address the contact person of your country/region

Key-data

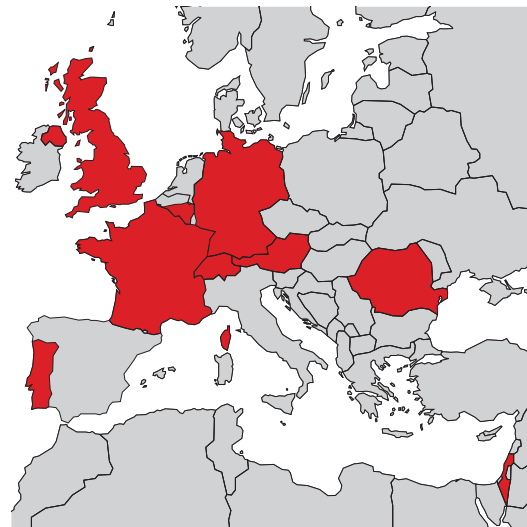

The first joint call for transnational projects of the SIINN initiative will open on March 20, 2012.

The deadline for submitting proposals is June 5, 2012, 12:00 CET.

Project consortia consisting of at least three parties from at least two different participating countries can apply for funding.

Projects must last between two and three years.

Each applicant should contact his/her national contact person to check for national funding rules.

Countries/regions participating in the call.

Application Procedure

Call opening	March 20, 2012
Project Building Applicants should contact National Agency	March 2012 to June 2012
Electronic Submission of Proposal to SIINN Call Office	Deadline: June 5, 2012, 12:00 CET
Eligibility Check	June 2012
International Evaluation	June to September 2012
SIINN Recommendation for Funding	October 2012
National Funding Decision	From October 2012
Project Start	From January 2013
